SMP Elects Officers For FY-2016

At their recent annual meeting (Monday, July 13th) the Shoshone Municipal Water Joint Powers Board elected as officers for the coming year: Steve Miller (Cody) chairman, Bryan Lee (Frannie) vice chairman, Craig Sorenson (Deaver) secretary, and Jim Hillberry (Powell) treasurer. Other members of the board are: Don Richards (Lovell), J.R. Gonzales (Byron), and Jim Mentock (Northwest Rural Water District).

During 2014 Shoshone Municipal Pipeline delivered 1.10 billion gallons of water to the seven participating agencies (Municipalities of Cody, Powell, Byron, Lovell, Deaver and Frannie, and the Northwest Rural Water District's: Heart Mountain, O'Donnell, Southfork, Deaver/Frannie, Lovell Rural, Sage Creek, North Cody, Cooper Lane, Garland and Northend service areas.). All of the treated water produced has been of much higher quality than called for by the current EPA standards for drinking water. Results of all tests that have been run are available at the Shoshone Municipal Pipeline offices at 50 Agua Via, Cody, Wyoming. Consumer Confidence Reports (CCR's) containing water quality information are distributed by each of the cities/towns and the Northwest Rural Water District by July 1st of each year. If anyone has questions concerning any of the tests, they are welcome to call their local water department or call Shoshone Municipal Pipeline at 527-6492.
